State Referee Administrators/State Youth Referee Administrators  
State Directors of Instruction  
State Directors of Assessment  
National Instructors  
National Referees  
National Assessors

From: Alfred Kleinaitis  
Manager of Referee Development and Education

**Re: 2006 Regional/Professional League Seminars**

Date: December 20, 2005

---

The United States Soccer Federation National Program for Referee Development has scheduled fourteen 1-day Regional Professional Referee Training Seminars for all referees interested in officiating at the professional level this season.

**As we indicated in our memo dated November 15, 2005, we would like to address our presentation to your top instructors and assessors, as well as the referees. All those involved in the development of referees in the area, such as assessors, instructors (state grade and higher) and active administrators are invited to attend the seminar so that they will be aware of the information that the referees are receiving. We believe that this step will be of tremendous value to both the referees and the assessors, instructors and administrators who work with them.**

Notes for Regional Professional Clinic Administration:

- The National Program for Referee Development will be responsible for the instructor's air and/or ground transportation to the hosting city, as well as the hotel, meals and per diem for the instructor.
- The state will be responsible for meeting room facilities, audio/visual equipment and securing the running track.
- Site Coordinators will be responsible for organizing transportation to and from the site for the instructional staff.
- Referees from neighboring areas who wish to attend a clinic in another state should ask their state referee administrator to make the necessary arrangements.
- Referees participating will be responsible for their own transportation to and from the clinic.
